Subject index

Volume 49 (1998)

Adolescence; Alcohol; Young adult; Outcomes; Development; Latent growth modeling **49, 39**

Adolescent males; Substance use; Conduct disorder **49, 225**

Adolescents; Substance use disorders; Age of onset; Psychopathology **49, 115**

Age of onset; Substance use disorders; Adolescents; Psychopathology **49, 115**

AIDS; HIV risk behavior; Cocaine; Substance abuse; Antisocial personality disorder **49, 239**

Alcohol; Adolescence; Young adult; Outcomes; Development; Latent growth modeling **49, 39**

Alcohol; Cocaine; Cue; Naltrexone; Reactivity **49, 9**

Alcoholics Anonymous; Self-help groups; Substance abuse; Treatment; Health services **49, 123**

Alcoholics; Sex trade; STDs; HIV; Cocaine **49, 33**

Amphetamine; Detoxication; Withdrawal; Self help; Treatment **49, 157**

Antisocial; Antisocial personality disorder; Drug abuse; Treatment outcome **49, 249**

Antisociality; Methadone; Treatment response **49, 217**

Antisocial personality disorder; Antisocial; Drug abuse; Treatment outcome **49, 249**

Antisocial personality disorder; HIV risk behavior; AIDS; Cocaine; Substance abuse **49, 239**

Antisocial personality disorder; Substance abusers; Diagnosis **49, 189**

Antisocial personality disorder; Substance use disorder; Comorbidity **49, 177**

Antisocial personality; Substance abuse; Diagnosis; Treatment **49, 201**

Behavioral economics; Choice; Cocaine; Demand law; Unit price; Self-administration; Rhesus monkey **49, 71**

Behavior; Drinking; Religion **49, 81**

Blood oxygenation level dependent (BOLD) signal; Heroin; Functional magnetic resonance imaging; fMRI; Visual activation **49, 55**

Caffeine; Cocaine; Coffee; Drug dependence; Humans **49, 17**

Cerebral; Pharmacotherapy; Neuropsychological; Cocaine; Ischemia **49, 133**

Child sexual abuse; Women; Psychiatric co-morbidity; Substance abuse; Dual diagnosis **49, 61**

Choice; Behavioral economics; Cocaine; Demand law; Unit price; Self-administration; Rhesus monkey **49, 71**

Coca; Cocaine; Substance abuse; International drug trade **49, 145**

Cocaine; Alcohol; Cue; Naltrexone; Reactivity **49, 9**

Cocaine; Behavioral economics; Choice; Demand law; Unit price; Self-administration; Rhesus monkey **49, 71**

Cocaine; Caffeine; Coffee; Drug dependence; Humans **49, 17**

Cocaine; Coca; Substance abuse; International drug trade **49, 145**

Cocaine; HIV risk behavior; AIDS; Substance abuse; Antisocial personality disorder **49, 239**

Cocaine; Nicotine; Cue-induced; Craving; Relapse **49, 95**

Cocaine; Pharmacotherapy; Neuropsychological; Cerebral; Ischemia **49, 133**

Cocaine; Pharmacotherapy; Sociodemographic **49, 89**

Cocaine; Sex trade; STDs; HIV; Alcoholics **49, 33**

Coffee; Caffeine; Cocaine; Drug dependence; Humans **49, 17**

Comorbidity; Antisocial personality disorder; Substance use disorder **49, 177**

Conduct disorder; Adolescent males; Substance use **49, 225**

Craving; Nicotine; Cocaine; Cue-induced; Relapse **49, 95**

Cue; Alcohol; Cocaine; Naltrexone; Reactivity **49, 9**

- Cue-induced**; Nicotine; Cocaine; Craving; Relapse 49, 95
- Demand law**; Behavioral economics; Choice; Cocaine; Unit price; Self-administration; Rhesus monkey 49, 71
- Detoxication**; Amphetamine; Withdrawal; Self help; Treatment 49, 157
- Development**; Adolescence; Alcohol; Young adult; Outcomes; Latent growth modeling 49, 39
- Diagnosis**; Antisocial personality disorder; Substance abusers 49, 189
- Diagnosis**; Substance abuse; Antisocial personality; Treatment 49, 201
- Drinking**; Religion; Behavior 49, 81
- Drug abuse**; Antisocial; Antisocial personality disorder; Treatment outcome 49, 249
- Drug and alcohol abuse**; Family study; Family history 49, 105
- Drug dependence**; Caffeine; Cocaine; Coffee; Humans 49, 17
- Dual diagnosis**; Women; Child sexual abuse; Psychiatric co-morbidity; Substance abuse 49, 61
- Family history**; Drug and alcohol abuse; Family study 49, 105
- Family study**; Drug and alcohol abuse; Family history 49, 105
- fMRI**; Heroin; Functional magnetic resonance imaging; Visual activation; Blood oxygenation level dependent (BOLD) signal 49, 55
- Functional magnetic resonance imaging**; Heroin; fMRI; Visual activation; Blood oxygenation level dependent (BOLD) signal 49, 55
- Health services**; Self-help groups; Alcoholics Anonymous; Substance abuse; Treatment 49, 123
- Heroin**; Functional magnetic resonance imaging; fMRI; Visual activation; Blood oxygenation level dependent (BOLD) signal 49, 55
- HIV risk behavior**; AIDS; Cocaine; Substance abuse; Antisocial personality disorder 49, 239
- HIV**; Sex trade; STDs; Alcoholics; Cocaine 49, 33
- Humans**; Caffeine; Cocaine; Coffee; Drug dependence 49, 17
- Illicit heroin**; Opioid substitution; Methadone; Prescribing practices 49, 49
- International drug trade**; Coca; Cocaine; Substance abuse 49, 145
- Ischemia**; Pharmacotherapy; Neuropsychological; Cocaine; Cerebral 49, 133
- Latent growth modeling**; Adolescence; Alcohol; Young adult; Outcomes; Development 49, 39
- Marijuana**; NHSDA; Opportunity; Transitions 49, 1
- Methadone**; Antisociality; Treatment response 49, 217
- Methadone**; Illicit heroin; Opioid substitution; Prescribing practices 49, 49
- Naltrexone**; Alcohol; Cocaine; Cue; Reactivity 49, 9
- Neuropsychological**; Pharmacotherapy; Cocaine; Cerebral; Ischemia 49, 133
- NHSDA**; Marijuana; Opportunity; Transitions 49, 1
- Nicotine**; Cocaine; Cue-induced; Craving; Relapse 49, 95
- Opioid substitution**; Illicit heroin; Methadone; Prescribing practices 49, 49
- Opportunity**; Marijuana; NHSDA; Transitions 49, 1
- Outcomes**; Adolescence; Alcohol; Young adult; Development; Latent growth modeling 49, 39
- Pharmacotherapy**; Cocaine; Sociodemographic 49, 89
- Pharmacotherapy**; Neuropsychological; Cocaine; Cerebral; Ischemia 49, 133
- Prescribing practices**; Illicit heroin; Opioid substitution; Methadone 49, 49
- Psychiatric co-morbidity**; Women; Child sexual abuse; Substance abuse; Dual diagnosis 49, 61
- Psychopathology**; Substance use disorders; Age of onset; Adolescents 49, 115
- Reactivity**; Alcohol; Cocaine; Cue; Naltrexone 49, 9
- Record abstraction**; Treatment services; Validity; Self-report; Treatment quality 49, 25
- Relapse**; Nicotine; Cocaine; Cue-induced; Craving 49, 95
- Religion**; Drinking; Behavior 49, 81
- Rhesus monkey**; Behavioral economics; Choice; Cocaine; Demand law; Unit price; Self-administration 49, 71
- Self-administration**; Behavioral economics; Choice; Cocaine; Demand law; Unit price; Rhesus monkey 49, 71
- Self help**; Amphetamine; Detoxication; Withdrawal; Treatment 49, 157
- Self-help groups**; Alcoholics Anonymous; Substance abuse; Treatment; Health services 49, 123
- Self-report**; Treatment services; Record abstraction; Validity; Treatment quality 49, 25
- Sex trade**; STDs; HIV; Alcoholics; Cocaine 49, 33
- Sociodemographic**; Cocaine; Pharmacotherapy 49, 89
- STDs**; Sex trade; HIV; Alcoholics; Cocaine 49, 33

- Substance abuse;** Antisocial personality; Diagnosis; Treatment 49, 201
- Substance abuse;** Coca; Cocaine; International drug trade 49, 145
- Substance abuse;** HIV risk behavior; AIDS; Cocaine; Antisocial personality disorder 49, 239
- Substance abusers;** Antisocial personality disorder; Diagnosis 49, 189
- Substance abuse;** Self-help groups; Alcoholics Anonymous; Treatment; Health services 49, 123
- Substance abuse;** Women; Child sexual abuse; Psychiatric co-morbidity; Dual diagnosis 49, 61
- Substance use;** Adolescent males; Conduct disorder 49, 225
- Substance use disorder;** Antisocial personality disorder; Comorbidity 49, 177
- Substance use disorders;** Age of onset; Adolescents; Psychopathology 49, 115
- Transitions;** Marijuana; NHSDA; Opportunity 49, 1
- Treatment;** Amphetamine; Detoxication; Withdrawal; Self help 49, 157
- Treatment outcome;** Antisocial; Antisocial personality disorder; Drug abuse 49, 249
- Treatment quality;** Treatment services; Record abstraction; Validity; Self-report 49, 25
- Treatment response;** Antisociality; Methadone 49, 217
- Treatment;** Self-help groups; Alcoholics Anonymous; Substance abuse; Health services 49, 123
- Treatment services;** Record abstraction; Validity; Self-report; Treatment quality 49, 25
- Treatment;** Substance abuse; Antisocial personality; Diagnosis 49, 201
- Unit price;** Behavioral economics; Choice; Cocaine; Demand law; Self-administration; Rhesus monkey 49, 71
- Validity;** Treatment services; Record abstraction; Self-report; Treatment quality 49, 25
- Visual activation;** Heroin; Functional magnetic resonance imaging; fMRI; Blood oxygenation level dependent (BOLD) signal 49, 55
- Withdrawal;** Amphetamine; Detoxication; Self help; Treatment 49, 157
- Women;** Child sexual abuse; Psychiatric co-morbidity; Substance abuse; Dual diagnosis 49, 61
- Young adult;** Adolescence; Alcohol; Outcomes; Development; Latent growth modeling 49, 39
